Rossmoor Bar Orienteering - 2026

First off, thanks to Jonas and team for pulling together some significant map updates over the summer. The updates were long overdue and the resulting map is much improved.

Second, not only did Jonas ensure the map was updated, he also set up some amazing courses to test our skills and grit.

Thanks also to all the other volunteers that helped make everything happen early on a Sunday morning.

We had a total of 57 participants with 37 starts. Results are on the following results page. Sorry if I messed up any names. If you see any issues with the result or the names, let me know so we can update. rzahner@gmail.com

Thanks to everyone that came out. If you recorded your route, please visit the events LiveLox site and load your data. Thanks to Kris for getting the LiveLox going.

Please check the website regularly for updates. The next GCO event is November 15th at Sacramento Bar.

BAOC and Terraloco have events the following two weekends if you want to keep those skills sharp.
